

The bottom line on deliverability.

It can take months to fill a permanent position, and since a single physician generates an average of \$3,700 per day, job vacancies result in significantly reduced revenue. More importantly, unfilled jobs adversely affect patient care.

FROM TEMP TO PERMANENT

CHG has the largest contingent physician staffing team in the country. When you work with us, you have the opportunity to open a permanent search while temporarily using a locum tenens physician — no retainer required.

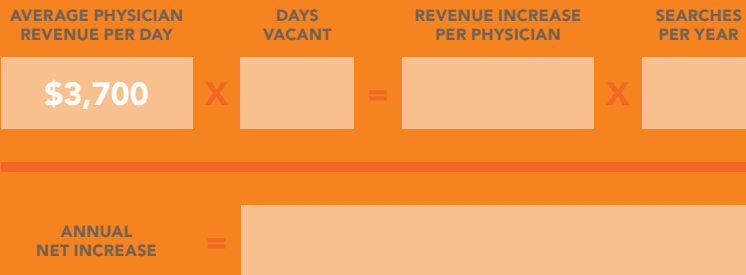

RURAL IS IN OUR ROOTS

We were first to cover rural, and we still cover it best. We know the challenges of rural communities well because we've been there for four decades. As a result, we have an industry-leading ability to fill those unique needs nationwide.

With 37% of the locum tenens market share, we can help. Our ability to fill jobs faster and with better matches helps you realize revenue sooner. A CHG partnership succeeds on the power of our people: 700,000+ providers across hundreds of specialties in our database; 1,200+ recruiters, travel and housing, licensing, and credentialing specialists. In fact, when a client partners with CHG locum tenens brands, we have an 88% success rate filling their needs.

EVERY DAY YOU WAIT TO FILL A PHYSICIAN JOB IS A DAY OF LOST REVENUE — AND A DAY OF LOST PATIENT CARE. HOW CAN LOCUM TENENS HELP YOUR BOTTOM LINE?

Our five brands provide trusted, comprehensive staffing in hundreds of medical specialties.
